

STATE OF VERMONT
BOARD OF MEDICAL PRACTICE

In re: Mark E. Logan)
)
) Docket No. MPN 35-0323

ENTRY ORDER

Petitioner, Mark E. Logan, M.D., entered into a non-disciplinary Stipulation and Consent Order for conditions of reentry to the practice of medicine that was approved by the Board and became effective on January 4, 2023. In accordance with the Order, Dr. Logan has petitioned to be relieved of the condition requiring that he complete a reentry plan.

The North Committee found that Dr. Logan has successfully completed his reentry plan and satisfied the terms of the Order necessary for him to be relieved from the condition requiring his participation in the reentry plan, and the petition to remove that condition was approved. The other conditions set forth in the Order, including the condition requiring that Dr. Logan be monitored by a practice monitor, remain in effect.

Signed on behalf of the Vermont Board of Medical Practice
