

# TAHADHARI

## Tahadhari ya Sianobakteria

**Sianobakteria (mwani wa bluu-kijani) inaweza kukufanya uugue.**

**Kaa mbali na maji ambayo ni yana rangi ya kijani, buluu, kahawia, nyekundu au yanaonekana kuwa yasiyo wazi.**

**Kaa mbali na povu au vipande vizito ambavyo vinaweza kuwa kwenye ufuo.**

**Unapotilia shaka, kaa mbali. Kwa taarifa zaidi:**

# CAUTION

## Cyanobacteria Alert

**Cyanobacteria (blue-green algae) may make you sick.**

**Stay away from water that is green, blue, brown, red, or looks cloudy.**

**Stay away from thick foam or mats that may be on the shoreline.**

**When in doubt, stay out. For more information:**
