

pregnant?

thinking about it?

think about HIV testing.

- ▶ HIV testing is advised for all pregnant women.
- ▶ Your results will be kept private.
- ▶ Women with HIV can get help from us.
- ▶ HIV treatment can keep you and your baby healthy.

Do something now for you and your baby.

Ask your doctor, midwife or nurse today.

Or call 800-882-2437 for info on HIV.
