List the Major Forces of Change

What is happening currently that could affect our ability to achieve greater health equity? (What are the forces of change?)

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____

- social
- economic

- technology and science
- environmental

- political, legal and ethical

For each force, describe how the force moves us toward increased health equity and could make it harder to reach greater health equity.

Forces (Trend, Events, Factors)	Moving Towards Health Equity	Making it Harder to Reach Health Equity
