

## Quality, Comprehensive Health Coverage for Uninsured Vermonters

Introducing Green Mountain Care, a family of low-cost and free health coverage programs offered by the state of Vermont and its partners. There may be a program for you, no matter how much you earn.

Green Mountain Care programs offer quality, comprehensive health coverage at a reasonable cost. Monthly premium costs are based on your income. Other costs may include low co-payments and deductibles. Green Mountain Care includes:

- **New! Catamount Health** - for adults who have been uninsured for 12 months or more (certain exceptions apply). You can also get help with paying your premiums, depending on your income.
- **Dr. Dynasaur** - for children and pregnant women.
- **Vermont Health Access Plan (VHAP)** - for adults who have been uninsured for 12 months or more (certain exceptions apply). VHAP may offer help with paying your portion of your employer's insurance plan premium.
- **Medicaid** - for children, young adults under age 21, parents, pregnant women, caretaker relatives, people who are blind or disabled and those over age 65.

Green Mountain Care offers prescription assistance programs such as VPharm, VHAP-Pharmacy, VScript, and Healthy Vermonters to help you pay for medications. Green Mountain Care programs also provide coverage for health care services such as:

- Doctor Visits
- Hospital Stays
- Emergency Care
- Check-Ups
- Immunizations
- Prescription Medicines
- And More!
