

**Vermont Department of Health – Board of Medical Practice**

**PRESCRIBER DATA-SHARING PROGRAM CONSENT FORM**

Under Vermont’s Act 80, a law passed in 2007, a prescriber may give consent so that his or her identifiable data in prescription drug records may be used for marketing or promoting prescription drugs. If a prescriber chooses not to consent, the use of prescriber’s identifiable data in prescription drug records is restricted as provided for in the law. The text of the law is found at 18 V.S.A. § 4631. The Board of Medical Practice has provided a fact sheet with additional information about this law and its implementation.

If you choose to consent to the use of your identifiable data in prescription drug records for marketing or promoting prescription drugs, please check the “I consent” box and sign next to it. Your consent is effective for this licensing or certification period. If you choose not to consent, please leave this section blank. If you complete this form, please return it to the Board of Medical Practice with your completed license or certification application or renewal form.

You may revoke your consent at any time by signing the Revocation of Consent form and sending it to the Board of Medical Practice.
