**PRESCRIBER DATA-SHARING PROGRAM**

**Revocation of Consent Form**

Under Vermont’s Act 80, a law passed in 2007, a prescriber may give consent so that his or her identifiable data in prescription drug records may be used for marketing or promoting prescription drugs. If a prescriber chooses not to consent, the use of prescriber’s identifiable data in prescription drug records is restricted as provided for in the law. The text of the law is found at 18 V.S.A. § 4631. The Board of Medical Practice has provided a fact sheet with additional information about this law and its implementation.

If at any time a prescriber wishes to revoke consent to his or her participation in this program, the revocation must occur using this form. The form must then be sent to:
