Escape Falls with FallScope

Vermont Department of Health
Falls Prevention Program

Falls are NOT inevitable.
Only you can prevent falls.

What is it?

FallScape is a patent-pending approach developed with research supported by the National Institutes of Health.

- Helps you find your own ways to prevent falls.
- Offered statewide by the Vermont Department of Health
- Meets the Administration of Aging's highest level criteria for evidence-based health promotion programs.

Why it works

- Personalized approach
- Multimedia vignettes
- One-on-one guided sessions
- Guided discovery to individualized “fall threats”
- Increases situational awareness that translates into successful fall prevention in real life situations
- Clinically proven to prevent falls

How it works

1. 5-minute screening process
2. 1 hour one-on-one session with a trained volunteer in your home or location of your choice
3. Weekly follow-up phone calls for 3 weeks.
4. 1 hour one-on-one follow-up session.
5. Monthly check-in phone calls for six months.

To find out if this program is right for you, please contact the Department of Health at (802)863-7227 or VTEMS@vermont.gov.

“I added preventing falls to the list of things necessary to maintain good health.”
