Vermont Electronic Death Registration System (EDRS)
ACCESS AND CONFIDENTIALITY/PRIVILEGE AGREEMENT
for
Assistant Medical Examiners

STATEMENT TO EDRS USER

As an Assistant Medical Examiner, it is your responsibility to review a completed death certificate for an accurate cause and manner of death before issuing a disposition permit for someone who died in Vermont. (18 VSA § 5201(c))

The Vermont Electronic Death Registration System (EDRS) has been established as the means for a licensed health care professional to electronically certify and submit the medical portion of a death record.

You may view certified death records in the EDRS application for the purpose of issuing disposition permits, or to follow up on cases as requested by the Office of the Chief Medical Examiner (OCME). However, you do not have authority or access to functions necessary to create or “certify” a death record.

EDRS USER’S AGREEMENT

As an Assistant Medical Examiner, I will view certified death records in the Vermont Electronic Death Registration System (EDRS) which contain confidential and privileged data. As a user of EDRS, I hereby agree as follows:

1. I will access confidential and privileged information within EDRS only as needed for issuance of disposition permits on behalf of the Vermont Department of Health’s Office of the Chief Medical Examiner (OCME), or to follow up on cases as requested by the OCME.
2. I will not divulge in any way, copy, release, sell, loan, review, alter or destroy any confidential and privileged information except as properly authorized within the scope of my professional activities.
3. I will not misuse confidential and privileged information or treat such information carelessly.
4. I understand that reports printed from the EDRS including completed Preliminary Report of Death forms may contain information that is not public record and will be kept confidential and privileged. Under no circumstances will these reports be issued to the public. This includes not sharing the decedent’s Social Security number and taking other appropriate measures to assure confidentiality as required for all Vermont businesses and agencies by 9 VSA § 2440.
5. I will safeguard and will not disclose my access code or any other authorization I have that allows me to access EDRS. I accept responsibility for all activities undertaken using my access code and other authorization.

6. I will report activities by any individual or entity that I suspect may compromise the protection and privacy of confidential and privileged information. Reports made in good faith about suspect activities will be held in confidence to the full extent permitted by law, including the name of the individual reporting the activities.
7. I understand that my obligations under this Agreement will continue after termination of my privileges and access to EDRS information. I further understand that my privileges and access hereafter are subject to periodic review, revision, and, if appropriate, renewal.
8. I understand that I have no right or ownership interest in any information within EDRS to which I have access. The Department of Health may, at any time, revoke my authorization or access to any information in EDRS.
9. I will be responsible for my misuse or wrongful disclosure of confidential and privileged information and for my failure to safeguard my access code or other authorization access to confidential and privileged information.
10. I understand that failure to comply with this Agreement may result in loss of privileges to access EDRS.
11. I understand that any person who willfully, maliciously or negligently discloses the content of any confidential public health records without written authorization or other than as authorized by law shall be subject to civil penalties pursuant to 18 VSA § 1001(e).
12. I understand that the Department of Health will advise me of any new policies, procedures, or protocols as they are issued, especially those related to privacy and security and will work with me to implement any required.

(2) If neither health care professional is able to state the cause of death, the provisions of section 5205 of this title apply.

The State's Attorney shall thereafter be in charge of the body and shall issue such instructions covering the care or removal of the body as he or she shall deem appropriate until he or she releases same.

(b) The medical examiner and a designated law enforcement officer shall thereupon together immediately make a proper preliminary investigation.

(c) Unless the cause and manner of death is uncertain, such medical examiner shall complete and sign a certificate of death. The medical examiner and the designated law enforcement officer shall each submit a report of investigation to the State's Attorney and the Chief Medical Examiner. If, however, the cause or circumstances of death are uncertain, he or she shall immediately so advise the State's Attorney of the county where the death occurred and notify the Chief Medical Examiner.

(d) The State's Attorney of each county, with the advice of the Commissioner of Public Safety or his or her designee, the sheriff, and the Chief of Police of any established Police Department, shall prepare a list of law enforcement officers in his or her county qualified to make an investigation and report. This list shall be made available to the medical officers concerned and such other persons as the State's Attorney deems proper.

(e) If an undertaker or embalmer shall, in the course of his or her employment, find evidence of physical violence on the body or evidence of an unlawful act sufficient to indicate to such a person that death might have been the result of an unlawful act, he or she shall immediately notify the State's Attorney of the county where the body is then located and shall proceed no further with the preparation and embalming process of such body until permitted to do so by the State's Attorney..

(f) The State's Attorney or Chief Medical Examiner, if either deem it necessary and in the interest of public health, welfare, and safety, or in furtherance of the administration of the law, may order an autopsy to be performed by the Chief Medical Examiner or under his or her direction. Upon completion of the autopsy, the Chief Medical Examiner shall submit a report to such State's Attorney and the Attorney General and shall submit a report of death to the State Registrar.

(g) When a person who is committed to the custody of the Department of Corrections or who is under the supervision of the Department of Corrections dies, the Commissioner of Corrections may request to be provided with a copy of any and all reports generated pursuant to subsection (f) of this section. No such request shall be granted where the medical examiner is unable to determine a manner of death or the manner of death is classified as a homicide. Reports disclosed pursuant to this subsection shall remain confidential as required by law and shall not be considered to be a public record pursuant to 1 V.S.A. § 317. (Amended 1967, No. 254 (Adj. Sess.), §§ 1-3, eff. Feb. 20, 1968; 1969, No. 128, § 2; 1969, No. 265 (Adj. Sess.), § 12; 1971, No. 33, § 7; 1991, No. 191 (Adj. Sess.), § 1, eff. May 19, 1992; 2003, No. 128 (Adj. Sess.), § 2, eff.
