A	Item #	Topic	Notes/Next Steps
		Goal	
		Development of the State Health Improvement Plan to guide the decisions (policies, programs and budgets) of the multiple partners within the state health system.	
	1	Overview of Strategies	
		<i>How well does this organization of strategies resonate with your work and partners? What core strategies are missing from this list?</i>	Draft Table of Contents
	3	Review plan for finalizing SHIP	
		<p>Advisory Committee meetings in early November to recommend a narrower set of strategies that are:</p> <ul style="list-style-type: none"> • Cross-cutting -- where joint investment will yield multiple outcomes • Integrated -- utilize the talent, resources and authorities (power) of multiple partners throughout Vermont, both within and outside state government • Focused on the deeper roots of equity • Attach themselves to the strategies <p>Steering Committee to review, amend, finalize <i>What else is needed?</i></p>	<p>Process for selecting priority strategies:</p> <ol style="list-style-type: none"> 1. Staff to review and create a cross-walk of the strategies to show intersection and where there is already momentum and where there is not 2. Create clear criteria for use by AC: doable (existing lever), will impact health and/or social condition, momentum 3. Bring back to Steering Committee <p>Missing from list:</p> <p>Development of shared screening tool for SDOH that could be used consistently through health and social services and from which data can be harvested for decision-making</p>
