Copley’s Medical/Surgical Unit and Special Care Unit merged to create a 21 licensed bed Acute Care Nursing Unit in October 2017, caring for patients of all ages. Types of services provided include care of people with general medical/surgical issues with an acuity adaptable care model being able to provide a higher level of care if needed that may require additional monitoring. We also provide end-of-life care, rehabilitative care, skilled nursing level of care, and care for stable and uncomplicated pediatric patients.

Nursing Care Hours per Patient Day (NCHPPD): April 2018 - March 2019

This graph shows the average number of direct nursing care hours provided per patient during a 24-hour period. Results are shown for care provided by registered nurses (RNs) and by all nursing staff (total) by month.

Percent of Total Nursing Care Hours Provided by RNs: April 2018 - March 2019

This graph shows the percentage of total nursing hours provided by RNs each month. Average for this period is 66.9%.
2019 Nurse Staffing Data
