

Lori Augustyniak

Lori Augustyniak has twenty years of experience working in the fields of health promotion and prevention. She currently coordinates Prevention Works! VT, a statewide network of community coalitions promoting evidence-based practices to reduce substance use and abuse. She served as director for the Cabot Coalition for nearly 15 years and helped that community build a strong infrastructure to address emerging issues to improve quality of life and outcomes for youth. She is skilled in the areas of grant writing, organizational development, community building, public relations and marketing.
