From I-91:

Take Exit 7 and follow Route 11 W/Route 106 N about 3.5 miles into town (starts as Charlestown Road and becomes Clinton Street). Just past the Oriental Palace turn left onto Mineral Street. Go about a quarter mile and State Building will be on the left.

From Route 106 S:

Follow Route 106 into Springfield and at intersection with Route 143 and Park Street turn right onto Park Street. (Just before intersection will pass a Good Buy store on your right and the Springfield Theater on your left). If you pass the Springfield Town Library you have gone past Park Street. At Y intersection, just past river, turn left onto Mineral Street. Go about a quarter mile and the State Building will be on your right.

Parking and entering Building:

There is free parking available in lot directly in front of State Building, as well as in the lot across the street. The Health Department is on the first floor, to the right as you enter. Check in with the receptionist and tell them you are here for the Child Development Clinic.
