INFORMATION FOR GROCERS

COVID-19 Update for Grocers

WIC has temporarily expanded our Approved Product List (APL) to add options for some items that have been hard to find due to COVID-19. Please see the list of [expanded foods](#) for specific items that have been added and share with cashiers as a training tool.

It is very important that you update the Vermont APL into your system daily to ensure participants can purchase all WIC-approved foods. Families may choose bread substitutions specifically from the [expanded food list](#) if they cannot find a 16 oz package of WIC allowable bread. Regardless of the size, each package will only be deducted as 16 ounces from their Whole Grain benefit amount through June 30, 2020.

GROCERS ARE IMPORTANT PARTNERS OF THE VERMONT WIC PROGRAM
