

Paramedic (FT) - DH Advanced Response Team – DHART

Works in collaboration with the flight nurse and other medical crew members in the transport and care of critically ill or injured patients. Assesses, manages and treats patients during air or ground transport.

Responsibilities:

- Completes and documents clinical rotations.
- Receives reports from referring hospitals/agencies, and gathers all relevant data.
- Manages patients with individualized care by evaluating effectiveness/outcome of care, recognizing significant changes in patient condition, and modifying care based on clinical presentation.
- Performs and documents procedures.
- Participates in shift safety briefings by communicating personal accountabilities by indicating changes in road or air space conditions to crew members.
- Ensures operational readiness of assigned transport vehicle(s) and medical equipment.
- Serves as a clinical resource. Precepts and guides new transport team members.
- Perform other duties as required or assigned.

Minimum Qualifications:

- 3 years of full-time paramedic experience required.
- Excellent communication skills desired with the ability to work collaboratively as member of multi-disciplinary team.
- Must be capable of meeting DHART mandatory physical requirements as verified by the DHMC Occupational Medicine Service during a pre-employment screening physical examination, and then yearly as required.
- Must meet crew weight standard (100kg or less, transport ready, in uniform).
- Ability to travel unrestricted by air or ground between the U.S. and Canada with the ability to travel to remote sites.
- National Registry Emergency Medical Technician, CCEMT-P, CICP certifications, NRP preferred.
- Previous critical care transport experience and public speaking experience desired.

Required Licensure/Certification Skills:

- Paramedic currently eligible for unrestricted licensure in the State of NH.
- Current certification in BLS, ACLS, and PALS.
- Must possess a valid passport.

How can the lifestyle in New Hampshire and Vermont compliment your career? You can have amazing 4-season living with a career at one of the top health systems in the country. The Dartmouth-Hitchcock health system stretches over New Hampshire and Vermont and offers the quintessential New England experience. With no income or sales tax, this beautiful area combines history, industry and business and has been ranked consistently as one of the best places in the US to live and work. Anchored by the academic Dartmouth-Hitchcock Medical Center in Lebanon, NH, the system includes the NCI-designated Norris Cotton Cancer Center, the Children's Hospital at Dartmouth-Hitchcock; 4 affiliated hospitals and 30 Dartmouth-Hitchcock ambulatory clinics across the region. We are close to the urban centers of Boston, New York and Montreal, but also offer proximity to the seacoast and multiple top-tier ski mountains within a short driving distance. Throughout New Hampshire, the opportunities – both career and personal – truly make our area the ideal place to work and play.
