

HYBRID EMT COURSE

EMTs are entry-level EMS professionals for volunteer and career organizations. This course prepares students for entry-level practice & EMT national certification examinations

Hybrid, or blended, means most material is online content. Students must be comfortable with significant independent study. Access to a computer with reliable internet, webcam, and microphone is required. There are 3 parts to the course: Part 1—14 weeks of online learning, Part 2—In-person sim lab, Part 3—Clinical experience.

There are 3 course options in the fourth quarter of 2020:

| OCTOBER | NOVEMBER | DECEMBER |
|--|---|--|
| Online class details: * Starts Oct. 4, 2020 * Ends Jan. 9, 2021 * Meets online every Monday 10:00-12:00. * Registration closes Aug. 30, 2020 | Online class details: * Starts Nov. 8, 2020 * Ends Feb. 13, 2021 * Meets online every Tuesday 17:00-19:00 * Registration closes Sep. 30, 2020 | Online class details: * Starts Dec. 6, 2020 * Ends Mar 13, 2021 * Meets online every Wednesday 17:00-19:00 * Registration closes Oct. 31, 2020 |

Locations for sim lab sites are determined by student enrollment. Anticipated sim lab sites in VT in: Northeastern, Northwestern, Central, and Southern regions.
