HOSPITAL HUB’S INCOMING PAGE FACTS

Runs appear on the Incoming page based on

- The Show Last in Hours setting, which determines how many hours to display on the Incoming page prior to the current hour. This is configured on the Settings page and each user can make their own selection.

- These date / time fields (for more information, see When Does a Run Appear in Hospital Hub?):
  - Arrival Date
  - Unit Left Scene
  - Unit Dispatched
  - Run Created On

Runs display on the Incoming page in a sort order based on

- Arrival date in chronological order
- Runs without arrival dates appear at the bottom of the list

The Incoming and Search pages can display

- A maximum of 100 EMS runs
