I have been able to get my license before, why do I have to do IDRP now?

 The federal government requires that all states participate in the <u>National Driver Register</u> to prevent people who have a suspended license in one state from getting license in another state. Some states only recently began checking the register.

The IDRP process

- 1. **Registration** Choose <u>any approved Vermont IDRP provider</u> and contact them to register.
- 2. **Evaluation** An IDRP Clinical Evaluator will evaluate your program requirements, and help you understand what your treatment requirements are.
- Education You will participate in 10 hours of education (lectures, reading, videos and small group discussions). This education is the same across all <u>Vermont</u> <u>providers</u> and can be completed in 2 sessions ("intensive") or over 4 sessions ("nonintensive").
- 4. **Treatment** The IDRP Clinical Evaluator will give you information on your individual treatment requirements. All treatment hours need to be completed before your IDRP completion is processed, and must be completed with a licensed clinician.
- 5. **Exit Interview** The IDRP Clinical Evaluator may require an exit interview after you complete your education and treatment requirements.

	IDRP Education	Treatment
1st Offense	You may take either the intensive (10 hours in 2 sessions) or non- intensive (10 hours over 4 sessions) program	<i>May</i> be required by the IDRP Clinical Evaluator.
		Minimum of 4 treatment hours over a minimum of 4 weeks, if required.
2nd Offense		Minimum of 20 treatment hours over a minimum of 24 weeks.
3rd Offense or more (Lifetime Suspension)	IDRP education not required	Minimum of 20 treatment hours over a minimum of 24 weeks, plus <u>DMV Total Abstinence</u> <u>Program.</u>

Important forms

For you to complete

- Please complete the <u>Release of Confidential Information Form</u> this form allows IDRP Central Office to communicate your IDRP completion with the DMV and is an important step towards license reinstatement.

Out of State (Non-Vermont) Residents

- If you live out-of-state and receive an impaired driving offense in Vermont, you should complete your state's approved program and provide proof of completion to IDRP. Vermont is a member of the <u>47 State Driver License Interstate Compact</u>, which allows the exchange of information concerning license suspensions and traffic violations of non-residents. This process can be complicated—feel free to call the <u>IDRP Central Office</u> for information about approved out of state programs.
- If you live out-of-state and receive an impaired driving offense in Vermont, you may choose to take Vermont's IDRP. Before registering for IDRP in Vermont, it is important to **verify that your state will accept Vermont's program**. Your state may have additional requirements for license reinstatement.
