The Licensing Committee may conduct business with as few as two members participating but if only two members of the Licensing Committee are participating actions taken must be upon a unanimous vote and there must be a public member and a physician member present. If three or more members of the Licensing Committee are participating actions are taken on a majority of the members present and voting. Participation on the Licensing Committee is voluntary. Any sitting member of the Board of Medical Practice may volunteer for service at one or more meetings of the Licensing Committee.

4.2 Applicants Right to a Written Decision: The Board must document, in writing, all decisions on whether an applicant is granted or denied a license or certification. The Board may stay its decision on an application for a license or certification from an applicant who is the subject of an unresolved licensing board investigation or a criminal complaint in another jurisdiction that involves or relates to the practitioner's care of patients or fitness to practice medicine. If an application is stayed, the Board may require the applicant to update some or all parts of the application when the stay is removed and the application is to be considered.

4.2.1 Whenever the Board intends to deny an applicant a license, it shall first issue a Notice of Intent to Deny, which shall include:

4.2.1.1 The specific reasons for the license denial;

4.2.1.2 Notice that the applicant has the right to request a hearing at which the Board shall review the preliminary decision, and that such request must be filed with the Board within 30 days of the date the decision was sent to the applicant.

The decision and order shall be signed by the chair or vice-chair of the Board and the Board shall enter the order. A decision and order is effective upon entry.
- 4.2.5 Notice of both the preliminary decision and the final decision and order shall be sent to the applicant by certified mail.

5.0 Applicant's Right to Appeal

A party aggrieved by a final decision of the Board may, within 30 days of the decision, appeal that decision to the Vermont Supreme Court, as provided by 26 V.S.A. § 1367, by filing a notice of appeal with the Executive Director of the Vermont Board of Medical Practice. For further rules concerning appeals, see 3 V.S.A, ch. 25 Administrative Procedures and the Vermont Rules of Appellate Procedure.

6.0 Fees

- 6.1** Application fees are established in 26 V.S.A. §§ 374, 378, 1401a, 1662, 1740, 2862, and 3054.
- 6.2** Physician fee waivers.
 - 6.2.1 Pro Bono Clinic Waiver. A physician who will limit practice in Vermont to providing pro bono services at a Board-recognized free or reduced fee health care clinic, as provided by 26 V.S.A. § 1401a(c), shall meet all license requirements, but may apply for a waiver of licensing fee, by submitting a fee waiver request to the Board which shall include the following information:
 - 6.2.1.1 The name and address of the free or reduced fee health clinic(s) where the pro bono services shall be performed;
 - 6.2.1.2 Certification that the licensee shall perform only pro bono services in Vermont, and shall only perform such services at the listed clinics;
 - 6.2.1.3 The clinic director's certification that the licensee shall perform only pro bono services at the clinic.

- 6.2.2 Medical Reserve Corps Waiver. A physician who will limit practice in Vermont to service with the Medical Reserve Corps, as provided in 26 V.S.A. § 1401a(c) shall meet all license requirements, but may apply for a waiver of licensing fee, by submitting a fee waiver request to the Board using the appropriate form.
- 6.2.3 A physician granted a waiver request must reapply for the waiver at each biennial renewal. A physician may obtain a fee waiver under each basis; if volunteering under each basis, the necessary documentation must be submitted for each. The licensee's failure to follow the terms of the certifications submitted or the provisions of this rule may constitute unprofessional conduct as set forth in 26 V.S.A. §§ 1354 and 1398 and may result in disciplinary action.
- 6.2.4 Additional fee provisions regarding military members and their spouses are found in Sections 80.0 and 81.0.

7.0 Renewing a License or Certification

- 7.1 Licenses and certifications are renewed on a fixed biennial schedule. A professional must renew his or her license or certification before it lapses. The date on which a license or certification shall lapse is printed on it. 90 days before such date, the Board will provide each professional with notice of renewal to the email address last provided to the Board. If a professional does not complete the renewal application, submit all required documentation, and pay the renewal fee to the Board by the date on which the license or certification shall lapse, the license or certification will lapse automatically.
- 7.2 A professional whose initial license or certification is issued within 90 days of the next-occurring renewal date, will not be required to renew or pay the renewal fee. Instead, the license or certification will be issued with an expiration date at the end of the next full period of licensure or certification. A professional who is issued an initial license or certification more than 90 days prior to the next-occurring expiration date will be required to renew and pay the renewal fee or the license or certification will lapse.
- 7.3 Professionals have a continuing obligation during each two-year renewal period to promptly notify the Board of any change to the answers on the initial or renewal application last filed with the Board, including but not limited to disciplinary or other action limiting or conditioning the license, certification, or ability to practice in any jurisdiction. Failure to do so may subject the professional to disciplinary action by the Board.
- 7.4 Limited training licenses (LTLs) are issued on a fixed annual schedule. Otherwise, these provisions apply to holders of LTLs.
- 7.5 Additionally, specific requirements for renewal as a physician assistant, radiologist assistant, or anesthesiologist assistant are listed in the sections specific to those professions.

8.0 Lapsed Licenses or Certifications

If a license or certification has not been renewed by the required date, it lapses. A professional regulated by the Board may not legally practice in Vermont after a license or certification has lapsed. The professional must halt practice immediately and completely until the license or certification has been reinstated.

9.0 Reinstatement of a License or Certification

9.1 Reinstating a License or Certification after It Has Been Lapsed for Less Than One Year (364 days or fewer).

9.1.1 To seek reinstatement after failing to renew, a professional must complete in full the renewal application and tender it to the Board with any required documentation and a late fee, in addition to the fee required for renewal, within a year of lapsing. The Board may seek or request such additional information as it deems needed to make a determination as to the renewal application. The Board may deny the renewal of a license or certification on grounds of unprofessional conduct as set forth under Vermont law, after notice and opportunity to be heard has been provided to the professional.

9.2 Reinstating a License or Certification after It Has Lapsed for One Year or More (365 days or more).

9.2.1 If a license or certification has been lapsed for one year or more the professional must complete a reinstatement application in full and pay the application fee for an initial application. The reinstatement application requires additional information beyond that required in the standard renewal application. This includes but is not limited to the requirement to submit a chronological accounting of all professional activities in other jurisdictions during the period the Vermont license or certification was lapsed.

9.2.2 The professional submitting a renewal for a license or certification lapsed for one year or more must provide:

9.2.2.1 For physicians or any other professional who held hospital privileges, a form completed by the chief of staff of the hospital where privileges were most recently held during the period when the Vermont license was lapsed;

9.2.2.2 For professionals who are required to practice under supervision, a form completed by each supervisor who provided supervision during the period when the Vermont license or certification was lapsed; and

9.2.2.3 A verification from each state in which the professional held an active license or certification during the period when the Vermont license or certification was lapsed.

9.2.3 Reinstatement may be denied on grounds of unprofessional conduct as set forth under Vermont law or for other good cause, after notice and opportunity to be heard has been provided to the professional. The provisions of Section 4.0 regarding license denial apply to denial of reinstatement.

10.0 Stale Applications

10.1 An application that becomes stale under these provisions is terminated without Board action and without refund of any fees paid.

10.2 An application becomes stale if six months pass from the time that the applicant is notified that additional information or documentation is needed and the information or documentation has not been provided. Once an application has become stale, verifications and documentation as determined by the Board must be resubmitted and the fee must be paid again if the applicant desires to resume the application process.

10.3 An application that has been forwarded to the licensing committee may be determined by the licensing committee to be incomplete. An application becomes stale while before the licensing committee if the licensing committee requests additional information and the information is not submitted within sixty days. An applicant may request more time from the licensing committee, which shall rule finally on all matters of whether the application was completed in a timely matter.

11.0 Enforcement of Child Support

The Board licenses or certifies five professions: Physicians, Physician Assistants, Podiatrists, Anesthesiologist Assistants, and Radiologist Assistants. Per 15 V.S.A. § 795, the Board may not issue or renew a professional license or certification to practice these professions or be a trainee if the applicant is under an obligation to pay child support and is not in good standing or in full compliance with a plan to pay the child support due. The Board requires that each applicant for the issuance or renewal of a license or certification sign a statement that the applicant is not under an obligation to pay child support or is in good standing with respect to or in full compliance with a plan to pay any and all child support payable under a support order as of the date the application is filed.

12.0 Tax Compliance

The Board licenses or certifies five professions: Physicians, Physician Assistants, Podiatrists, Anesthesiologist Assistants, and Radiologist Assistants. Per 32 V.S.A. § 3113, the Board may not issue or renew a professional license or certification to practice those professions or be a trainee unless the applicant is in good standing with respect to

or in full compliance with a plan to pay any and all taxes due. The Board requires that each applicant for the issuance or renewal of a license or certification sign a statement that the applicant is in good standing with respect to or in full compliance with a plan to pay any and all taxes due.

13.0 Professional Standards.

13.1 Change of Name or Address.

All professionals are responsible for notifying the Board within 10 days of any change of name, public address, mailing address, or telephone number. All professionals who hold a Vermont license or certification are required to keep the Board informed of a current email address; email is used to provide important notices to all professionals regulated by the Board. A professional who holds a Vermont license but who has not been engaged in practice in Vermont shall notify the Board at least 30 days in advance of the intended starting date of the Vermont practice.

13.2 Self-Prescribing and Prescribing for Family Members.

13.2.1 Controlled Substances: It is unacceptable medical practice and unprofessional conduct for a licensee to prescribe or dispense controlled substances listed in US Drug Enforcement Agency (“D.E.A.”) Schedules II, III, or IV for the licensee’s own use. It also is unacceptable medical practice and unprofessional conduct for a licensee to prescribe or dispense Schedule II, III, or IV controlled substances to a member of the licensee’s immediate family, as defined in Section 2.15, except in a bona fide emergency, of short-term and unforeseeable character. Prescribing for self or immediate family members, as defined in this rule, constitutes a violation of 26 V.S.A. § 1354.

13.2.2 Non-controlled Substances: It is discouraged for a licensee to prescribe or dispense non-controlled prescription substances for the licensee’s own use. It is also discouraged for licensee to prescribe or dispense non-controlled prescription substances to a member of the licensee’s immediate family, as defined in Section 2.15. Licensees who do prescribe non-controlled substances for their own use or that of a family member are required to meet all standards of appropriate care, including proper establishment of a professional relationship with the patient and maintenance of appropriate patient records.

13.3 Methadone Prescribing. Federal law prohibits prescribing methadone outside of a certified opioid treatment program, unless it is prescribed or dispensed as an analgesic. A licensee must include the words “FOR PAIN” in a prescription for methadone.

SECTION II. PHYSICIANS

14.0 License Required

No one may practice medicine in the state unless licensed by the Board, registered with the Board, or when exempt under the provisions contained in 26 V.S.A. § 1313. Before allowing a physician who is not licensed in Vermont to practice pursuant to the exemption stated in 26 V.S.A. § 1313(a)(4), a medical school or teaching hospital must first verify through primary source verification the physician's qualifications and credentials, including that the physician has a valid, unrestricted license to practice medicine in the current jurisdiction of practice. Such documentation shall be submitted to the Executive Director for review; the Executive Director may approve the exemption or may elect to refer the matter to the Licensing Committee and/or Board. If referred directly to the Board, there is no requirement for review by the Licensing Committee.

17.0 License by Examination

- 17.1** All applicants entering the examination system after December 31, 1994 must use and pass the USMLE three-step sequence. Primary source documentation of a passing grade on each of the three USMLE steps is required. All three steps must be completed within seven (7) years of the first examination attempt, or ten (10) years if the applicant completed an MD/PhD or equivalent program. Applicants may retake USMLE Step I and II multiple times without limit until successful, subject to the time limit of seven or ten years. Applicants may retake USMLE Step III two times, for a total of three attempts. Additional attempts, even if successful, do not qualify the applicant for a Vermont license unless granted a waiver as provided in Section 17.2 below.
- 17.2** Waiver or Exception to USMLE Time Requirement. There is an option for a waiver based on specialty board certification status as set forth in Section 17.2.1 and a special provision for exception or waiver for applicants who were affected by testing interruptions during the public health emergency caused by the COVID-19 pandemic in 2020 and 2021 as set forth in Section 17.2.2 and 17.2.3.
- 17.2.1 Applicants who do not meet the requirement to have passed all three Steps of the USMLE within a seven-year period, or ten-year period for an MD/PhD applicant, or have required more than three attempts to pass Step III may apply for a waiver of the requirement if they meet all the following criteria:

17.2.2 If an applicant's USMLE sequence completion time, as stated in Section 17.1, fell during March 1, 2020 to March 1, 2022, then the applicant shall have two additional years added to the time limit. The requirement is met if the following criteria apply:

17.2.2.1 The MD applicant successfully completed the USMLE testing sequence within nine (9) years of the first attempt;
or

17.2.2.2 The MD/PhD applicant successfully completed the USMLE testing sequence within twelve (12) years of the first attempt.

17.2.3 Applicants who do not meet the time limits for USMLE completion even with the additional time allowed under 17.2.2 but had special circumstances that significantly affected their ability to complete the examination sequence, such as government-imposed travel bans or a personal health condition that precluded travel to take an examination during the period from March 1, 2020 to August 31, 2022, may apply for an individual waiver. Such applications will be considered on a case-by-case basis and determined by the Board based on a bona fide inability to meet the time limitations for reasons beyond the applicant's control.

17.3 Applicants who first took a medical licensing exam on or before December 31, 1994, must satisfy at least one of the following criteria, as evidenced by primary source documentation:

17.3.1 Applicants who successfully completed the National Boards Parts 1, 2, and 3 or FLEX Component 1 and 2 with a grade of at least 75 on all segments of either exam meet the examination criteria of the Board. All segments of either exam must have been completed within seven (7) years. Each of the following combinations are acceptable:

(1)	NBME Part I or USMLE Step 1	plus	NBME Part II or USMLE Step 2	plus	NBME Part III or USMLE Step 3
OR					
(2)	FLEX Component I	plus	USMLE Step 3		
OR

-----	-----------------------------------	------	------------------------------------	------	------------------

17.3.3 Applicants who took and passed a medical licensing examination administered by one of the United States or its Territories with a minimum passing grade of 75% meet the examination requirements.

17.3.4 Graduates of Canadian medical schools, in addition to the above examination options, can qualify for a Vermont license by successfully passing the MCCQE, Part I and Part II.

18.0 License by Faculty Appointment

The Board may license without examination a resident of a foreign country who is a licensed physician in good standing in the country of residence and who presents verifiable evidence of outstanding academic and clinical achievements and potential. To qualify for a Vermont license under this rule the applicant must present evidence that the applicant will be appointed to the University of Vermont College of Medicine full-time faculty at the rank of associate professor or higher. The license is issued only for the duration of the faculty appointment and is dependent on favorable faculty evaluations conducted according to the usual College of Medicine procedures. 22.0 Professional Standards Specific to Physicians

- 22.1** Additional professional standards that apply to all professionals are in Section 13.0 of this rule.
- 22.2** It is unprofessional conduct for a physician to delegate professional responsibilities to a person whom the physician knows or has reason to know is not qualified by training, experience, education, or licensing credentials to perform. See 26 V.S.A. § 1354(a)29.
- 22.3** Requesting or Receiving a Prescription from a Physician Assistant for whom the Physician Acts as Participating Physician. A physician shall not request or receive the dispensing of or a prescription for controlled substances listed in D.E.A. Schedules II, III, or IV for the physician's own use from a physician assistant for whom the physician acts as participating physician.
- 22.4** Requesting or Receiving a Prescription from an Advanced Practice Registered Nurse with Whom the Physician Has an Agreement to Act as the Collaborating Provider. A physician shall not request or receive the dispensing of or a prescription for controlled substances listed in D.E.A. Schedules II, III, or IV for the physician's own use from an advanced practice registered nurse with whom the physician has an agreement to act as the collaborating provider.

23.0 Telehealth License

- 23.1** Physicians may apply for a license to practice telehealth as provided in 26 V.S.A. § 3054. Telehealth licenses are limited to telehealth practice only. Telehealth licensees are limited to providing services to a total of only 20 unique patients during each licensing period. Once a physician has treated 20 unique patients during a licensing period, the termination of the physician-patient privilege with a patient during a licensing period does not allow the physician to add another patient during the same licensing period.
- 23.2** The requirements to qualify for a telehealth license include all the requirements for full, unrestricted physician licensure stated in Sections 15.0, 17.0, and 19.0. In addition, a physician cannot obtain a telehealth license if they have had a medical

license revoked in any other U.S. jurisdiction or are pending disciplinary action or investigation in any other U.S. jurisdiction, per 26 V.S.A. § 3057. Applicants must complete the online application for physician telehealth licensure, which includes all the same questions and requires the same documentation as the application for a full license.

- 23.3 Applicants for a telehealth license may use the process described in Section 16.0 in lieu of the process described in Section 15.0.
- 23.4 The telehealth license fee is seventy-five percent of the fee for renewal of a full physician license.

24.0 Telehealth Registration

- 24.1 Physicians may apply for a telehealth registration as provided in 26 V.S.A. § 3054. A telehealth registration is valid for only 120 consecutive days from the day issued and allows the registrant to treat a total of only 10 unique patients during the time it is in effect. Once a physician has treated 10 unique patients during the registration period, the termination of the physician-patient privilege with a patient during the 120-day period that the registration is valid does not allow the physician to add another patient during the same period. A telehealth registration may not be renewed. A new telehealth registration cannot be obtained until three years after the day a prior telehealth registration expired.
- 24.2 To qualify for a telehealth registration a physician (MD) must hold an active, unencumbered license in good standing in another U.S jurisdiction. In addition, the applicant cannot have had a medical license revoked in any U.S. jurisdiction or be pending disciplinary action or investigation in any other U.S. jurisdiction, per 26 V.S.A. § 3057. Applicants must complete the online application for physician telehealth registration and provide the following documentation:
 - 24.2.1 The Uniform Application Affidavit and Authorization for Release of Information form accessed via the Board's website;
 - 24.2.2 National Practitioner Data Bank Self-Query Report. This must be a current Self-Query Report issued within 60 days of submission of the application. Information about obtaining a Self-Query Report is in the instructions to the application; and
 - 24.2.3 Verification of an active, unencumbered medical license issued by another U.S. jurisdiction that is in good standing.
- 24.3 The fee for a telehealth registration for a physician is fifty percent of the fee for renewal of a full physician license.

24.0 Continuing Medical Education

24.1 Minimum Education Requirement - Hours and Subjects

- 24.1.1 Each physician applying for renewal of a license to practice medicine must complete at least thirty hours of qualifying CME during the most recent two-year licensing period.
- 24.1.1.1 The licensee is not required to file documentation of CME that verifies completion at the time that it is reported, however, it is the licensee's responsibility to retain documentation for four years from the time the information is submitted to the Board.
- 24.1.1.2 The Board may audit records of CME for up to four years from the time of submission; a licensee is required to promptly submit documentation of CME completion in response to a request from the Board.
- 24.1.2 For physicians licensed in Vermont for the first time during the most recent two-year licensing period, if licensed in Vermont for less than one year, there is no requirement for CME at the time of the first renewal. If licensed for one year or more during that initial period of Vermont licensure, the licensee shall complete at least 15 hours of approved CME activity and those 15 hours shall include any subject-specific CME required by this rule.
- 24.1.3 Time is calculated from the date the license was approved by the Board until the date of expiration. Any physician who has not completed the required continuing medical education shall submit a make-up plan with a renewal application, as specified in this rule.
- 24.1.4 Except for required subjects that are mandated by this rule, all CME hours completed in satisfaction of this requirement shall be designed to assure that the licensee has updated knowledge and skills within their own specialties and also has kept abreast of advances in other fields for which patient referrals may be appropriate. A licensee's "own area of practice" shall not be interpreted narrowly; it is acknowledged that training in many other fields may be reasonably related to a practitioner's own specialties.
- 24.1.5 Required Subject: Hospice, Palliative Care, Pain Management. 26 V.S.A. § 1400(b) mandates that the Board of Medical Practice shall require physician licensees to provide "evidence of current professional competence in recognizing the need for timely appropriate consultations and referrals to assure fully informed patient choice of treatment options, including treatments such as those offered by hospice, palliative care, and pain management services." Accordingly, all physician licensees who are required under this rule to complete CME shall certify at the time of each renewal that at least one of the hours of qualifying CME activity has been on the topics of hospice, palliative care, or pain management services.
- 24.1.6 Required Subject: Prescribing Controlled Substances.

All physician licensees who are required to certify completion of CME and who prescribe controlled substances shall certify at the time of each renewal that at least two hours of qualifying CME activity on controlled substances prescribing. The following topics must be covered, as required by Vermont law: abuse and diversion, safe use, and appropriate storage and disposal of controlled substances; the appropriate use of the Vermont Prescription Monitoring System; risk assessment for abuse or addiction; pharmacological and nonpharmacological alternatives to opioids for managing pain; medication tapering and cessation of the use of controlled substances; and relevant State and federal laws and regulations concerning the prescription of opioid controlled substances. Each licensee who is registered with the D.E.A. and who holds a D.E.A. number to prescribe controlled substances, or who has submitted a pending application for one, is presumed to prescribe controlled substances and must meet this requirement.

- 24.1.7 Licensees who are not in active practice shall still complete CME, including all required subjects, to be relicensed. For purposes of subsection (b), a physician not in active practice may consider the last area of practice as the area of practice to which activity shall relate, or the activity may relate to any intended new area of practice.
- 24.1.8 Licensees who are members of the armed forces and who are subject to a mobilization and/or deployment for all or part of a licensing cycle will be treated the same as licensees who are licensed for the first time during a licensing cycle. E.g., a licensee whose military mobilization/deployment covers a year or more is not required to complete CME for that cycle. A licensee whose military duties during the two-year cycle total less than one year shall be required to meet the CME requirement of at least 15 hours, including any required subjects.
- 24.1.9 A licensee who allows a license to lapse by not timely applying for renewal shall certify completion of all CME that would have been required to remain licensed in order to be granted a renewal license.

24.2 Qualifying Continuing Medical Education Activities

- 24.2.1 CME activities that are approved for American Medical Association Physician's Recognition Award Category 1 Credit AMA PRA Category 1 Credit™ qualify as approved Vermont CME.
- 24.2.2 Credit for providing training. The Board accepts all AMA PRA Category 1 Credit™ activity. The AMA PRA program grants two hours of credit for each hour of training presented by a physician. The Board recognizes those credits the same as the AMA PRA program.
- 24.2.3 Certain activities sponsored by the Board may qualify for CME credit even if not designated as AMA PRA Category 1 activities. If CME credit is available, it will be specifically stated by the Board.

- 24.2.4 Special Rule for holders of a full, unlimited license who are participants in a residency or fellowship program approved by a nationally-recognized body that approves graduate medical education (GME). Some physicians who are still in a GME program obtain full licensure in addition to a limited temporary license for training. As fully-licensed physicians, if licensed for a year or more (see Section 24.1.2) they must complete at least 15 hours of CME. If licensed the full period, they must complete 30 hours of CME. However, the Board will recognize participation in a GME program as qualifying for CME credit to the extent provided here.
- 24.2.4.1 The licensee must have successfully completed the program or continue to be in good standing in the GME program throughout the licensing period to have GME count as CME.
- 24.2.4.2 Successful completion of a year of full-time participation in an approved program during the two-year licensing period may count for 15 hours of CME to be used to satisfy a CME requirement for that licensing period. Licensees who wish to use participation in a GME program to satisfy part of the CME requirement shall submit a letter to the Board stating so and attesting to successful completion of the GME program year.
- 24.2.4.3 GME students who are fully licensed must meet the subject-specific requirement for hospice, palliative care, or pain management services if fully licensed for a year or more. See Section 24.1.5. GME students who are fully licensed for a year or more and who have applied for or hold a D.E.A. number must satisfy the statutory requirement for two hours of CME on controlled substances prescribing. See Section 24.1.6.

24.3 Make-Up Plans

- 24.3.1 Any physician who has not completed the minimum number of hours of CME, or who has not completed the required subject-specific training, as of the deadline for submission of license renewal applications, will not be granted a renewal license unless the application includes an acceptable make-up plan signed by the licensee. The Board Executive Director is authorized to review and determine if make-up plans are acceptable.
- 24.3.2 An acceptable make-up plan must include a timeline for making up all CME that needs to be completed to satisfy the requirements of this rule. The timeline shall identify the approved activities that the licensee plans to attend. The licensee may later substitute activities, but the plan shall indicate that it is the licensee's good faith intent to complete the activities listed at the time of submission. A licensee shall have up to one hundred twenty (120) days to complete the CME make-up plan.
- 24.3.3 Any licensee who will not complete a make-up plan within the time specified by the plan shall contact the Board at least 30 days in advance of

the date on which the period will end to notify the Board and submit a revised plan and request for extension of time.

24.3.3.1 The request for extension of time must include an explanation of the reasons why the licensee was unable to complete the required training in accordance with the plan.

24.3.3.2 Extensions of the make-up plan period are limited to 90 days, during which the licensee shall complete the required CME. Further extensions will be granted only for good cause shown, for reasons such as: serious illness of the licensee or a family member; death of an immediate family member; significant personal hardship, such as a house fire; significant and ongoing medical staff shortage during the make-up period; or similarly compelling reasons.

24.3.3.3 The Board may delegate to the Board Executive Director the authority to approve requests to extend the time for a make-up plan in accordance with this rule. Any request for extension not granted by the Executive Director shall be considered by the Board.

24.3.4 CME activity completed as part of a make-up plan does not count toward satisfaction of the requirement to complete CME during that current licensing cycle; activity may only be counted once. If a multi-hour activity is performed partly in satisfaction of a make-up plan and partly for the CME requirement associated with the current licensing cycle, the licensee shall clearly document the allocation.

24.4 Failure to Certify Completion of Required CME, File a Make-Up Plan, or Complete a Make-Up Plan

24.4.1 A licensee who has failed to submit certification of completion of CME as required by law and this rule, or who having failed to certify completion of CME has failed to submit a make-up plan with a license renewal application, will be notified of such failure and have not more than 15 days from receipt of notice to file with the Board either a certification of completion of CME or a make-up plan.

24.4.2 A licensee who fails to file a certificate of completion of CME at the end of a make-up period, or to file a request for an extended make-up period, shall be notified of such failure and have not more than 15 days from receipt of notice to file with the Board either a certificate of completion of CME or another request for extension of time in which to make up CME.

24.4.3 A licensee who submits a certificate of completion at the time of submission of the license renewal application, or who has filed an acceptable make-up plan with the renewal application and is in the make-up period, or who having failed to complete the first make-up plan has

received approval from the Board for an extended make-up period that has not yet expired, is in good standing with respect to CME requirements.

24.4.4 Any licensee not in good standing with respect to CME requirements is subject to investigation by the Board for unprofessional conduct.

25.0 Grounds for Disciplinary Action

25.1 Grounds for disciplinary action include the conduct set forth in 26 V.S.A. §§ 1354, 1398, and 18 V.S.A. § 1852.

25.2 All complaints and allegations of unprofessional conduct shall be processed in accordance with Section V of this rule.

25.3 After notice and an opportunity for hearing, the Board may take disciplinary action against any applicant or physician found guilty of unprofessional conduct, as provided by 3 V.S.A. § 809, and 26 V.S.A. § 1374(b), including but not limited to:

25.3.1 Reprimand, suspend, revoke, limit, condition, deny or prevent renewal of license;

25.3.2 Impose an administrative penalty of not more than \$1,000 for each act of unprofessional conduct;

25.3.3 Required completion of continuing education;

25.3.4 Required supervised training or practice for a specified period of time or until a satisfactory evaluation by the supervising physician has been submitted to the Board; or,

25.3.5 Such other action relating to discipline or practice as the Board determines appropriate.

25.4 Right to Appeal

A party aggrieved by a final decision of the Board may, within 30 days of the decision, appeal that decision by filing a notice of appeal with the Executive Director of the Vermont Board of Medical Practice, as provided by 26 V.S.A. § 1367 and 3 V.S.A. § 815.

SECTION III. PHYSICIAN ASSISTANTS

26.0 Introduction

26.1 Physician assistants practice medicine pursuant to a written practice agreement with a participating physician. Physician assistant practice is limited to medical

care within the physician assistant's education, training, and experience, and subject to any restrictions stated in the practice agreement.

- 26.2** As provided by 26 V.S.A. § 1739, physician assistants are responsible for their own medical decision making. A participating physician in a practice agreement with a physician assistant is not, by the existence of the practice agreement alone, legally liable for the actions or inactions of the physician assistant. However, that statutory language does not otherwise limit the liability of the participating physician.

27.0 Initial Licensure

- 27.1** For each applicant for licensure as a physician assistant the Board must receive, in a form satisfactory to the Board:

- 27.1.1 A complete online application;
- 27.1.2 Proof of identity and that the applicant is at least 18 years of age as evidenced by a certified birth certificate or a copy of a naturalization certificate;
- 27.1.3 Verification of certification or licensure in all other states, territories, or provinces where currently or ever certified or licensed to practice at any level, including permanent, temporary, and training licenses or certifications;
- 27.1.4 Two reference forms from allopathic or osteopathic physicians, including one from a physician who supervised or worked closely with the applicant at their most recent practice site.
 - 27.1.4.1 Applicants with fewer than six months of substantially full-time (at least 30 hours per week) practice must provide a reference from their physician assistant training program director in place of one of the references from a supervising physician. A reference to meet this requirement may be from a physician assistant if the training program director is a physician assistant.
- 27.1.5 The Board of Medical Practice's Certificate of Physician Assistant Education form for primary source documentation of completion of a Board-approved physician assistant program sponsored by an institution of higher education, completed and submitted by the institution;
- 27.1.6 An original certification from NCCPA. Primary source documentation of current certification sent directly to the Board by NCCPA;
- 27.1.7 Completed practice agreement with a qualified participating physician who holds a Vermont license as an allopathic or osteopathic physician (for applicants who do not have a current employment offer when applying for licensure, see Section 27.2);

- 27.1.8 The Uniform Application Affidavit and Authorization for Release of Information Form;
 - 27.1.9 National Practitioner Data Bank Self-Query Report. This must be a current Self-Query Report issued within 60 days of submission of the application. Information about obtaining a Self-Query Report is in the instructions to the application;
 - 27.1.10 The applicant's CV (curriculum vitae) or résumé; and
 - 27.1.11 The required fee.
- 27.2** Upon written request of the applicant, an application may be considered complete and be processed by the Board without a practice agreement. However, if a license is issued it will be inoperable and the applicant will not be able to engage in Vermont practice until a practice agreement has been received by the Board. Licensees should verify that the Board has received the practice agreement by checking the Board's online system.
- 27.3** At the discretion of the licensing committee or the Board, any applicant may be required to be interviewed by a Board member.

28.0 Telehealth License

- 28.1** Physician assistants may apply for a license to practice telehealth as provided in 26 V.S.A. § 3054. Telehealth licenses are limited to telehealth practice only. Telehealth licensees are limited to providing services to a total of only 20 unique patients during each licensing period. The licensing period for a physician assistant telehealth license is the same as the licensing period for a standard physician assistant license. Once a physician assistant has treated 20 unique patients during a licensing period, the termination of the physician assistant-patient privilege with a patient during a licensing period does not allow the physician assistant to add another patient during the same licensing period.
- 28.2** The requirements to qualify for a telehealth license include all the requirements for physician assistant licensure stated in Section 27.0, including the requirement for a practice agreement with a qualified participating physician who holds a Vermont license as an allopathic or osteopathic physician. A physician assistant cannot obtain a telehealth license if they have had a physician assistant license revoked in any other U.S. jurisdiction or are pending disciplinary action or investigation in any other U.S. jurisdiction, per 26 V.S.A. § 3057. Applicants must complete the online application for physician assistant telehealth licensure, which includes all the same questions and requires the same documentation as the application for a physician assistant license.
- 28.3** The telehealth license fee is seventy-five percent of the renewal fee for a full physician assistant license.

29.0 Telehealth Registration

- 29.1** Physician assistants may apply for a telehealth registration as provided in 26 V.S.A. § 3054. A telehealth registration is valid for only 120 consecutive days

from the day issued and allows the registrant to treat a total of only 10 unique patients during the time it is in effect. Once a physician assistant has treated 10 unique patients during the term of the registration, the termination of the physician assistant-patient privilege with a patient during the period that the registration is valid does not allow the physician assistant to add another patient during the same period. A telehealth registration may not be renewed. A new telehealth registration cannot be obtained until three years after the day a prior telehealth registration expired.

- 29.2** To qualify for a telehealth registration a physician assistant must hold an active, unencumbered license in good standing in another U.S jurisdiction. In addition, the applicant cannot have had a physician assistant license revoked in any U.S. jurisdiction or be pending disciplinary action or investigation in any other U.S. jurisdiction, per 26 V.S.A. § 3057. Applicants must complete the online application for physician assistant telehealth registration and provide the following documentation.

29.2.1 The Uniform Application Affidavit and Authorization for Release of Information form;

29.2.2 National Practitioner Data Bank Self-Query Report. This must be a current Self-Query Report issued within 60 days of submission of the application. Information about obtaining a Self-Query Report is in the instructions to the application;

29.2.3 Verification of an active, unencumbered physician assistant license issued by another U.S. jurisdiction that is in good standing; and

29.2.4 A practice agreement with a qualified participating physician who holds a Vermont license as an allopathic or osteopathic physician.

- 29.3** The fee for a telehealth registration for a physician assistant is fifty percent of the fee for renewal of a full physician assistant license.

30.0 Physician Assistant Renewal

A physician assistant who is not in active practice may renew an inoperable license but cannot practice until a practice agreement with a participating physician is received by the Board. Each practice agreement between a physician assistant and a participating physician must be reviewed, and if necessary updated, during the 90 days preceding submission of the physician assistant's renewal application. The physician assistant shall maintain documentation to show the date on which the practice agreement was reviewed.

31.0 Practice Agreement Requirements

- 31.1** Practice agreements must meet the requirements of 26 V.S.A. § 1735a. The requirement for a physician to be accessible for consultation by telephone or electronic means at all times when a physician assistant is practicing is also satisfied when a physician is in the same location and available for in-person

consultation. A practice agreement may be submitted in hard copy or filed with the Board by email or fax.

- 31.2** A practice agreement must include the Vermont medical license number of the participating physician and the physician assistant.
- 31.3** A practice agreement must be reviewed by the physician assistant and the participating physician or another qualified physician, as provided by 26 V.S.A. § 1735a(d), no less frequently than at the time of the physician assistant's license renewal. The review must be documented in writing at the time that it is completed and signed by the physician assistant and reviewing physician. If changes are made to the practice agreement the revised agreement must be signed by the physician assistant and participating physician and submitted to the Board.
- 31.4** Submission of a New Practice Agreement upon Employment Changes. A new practice agreement must be received by the Board before a physician assistant may practice after a change in employment. A new practice agreement must be submitted to the Board whenever a physician assistant begins practice with a new employer. This includes both leaving one employment and beginning at another and adding a new employer while continuing to work for a current employer. There must be a practice agreement that applies to each practice setting. If a physician assistant's practice agreement includes restrictions that limit its application to a new practice setting with the same employer, such as by geographic location, by department, or by scope of practice allowed, a new practice agreement must be submitted for a new practice setting beyond those restrictions.
- 31.5** Submission of a New Practice Agreement Upon Unavailability of Participating Physician Who Is a Sole Practitioner. When a physician assistant's participating physician is the only physician in the practice and without prior knowledge becomes unavailable as the result of serious illness, injury, or death, the physician assistant may continue to practice for up to 30 days without entering a practice agreement with a new participating physician. After 30 days the physician assistant may not practice unless a new practice agreement has been submitted to the Board.
- 31.6** Submission of a New Practice Agreement Upon Unavailability of Participating Physician – General Rule. As soon as it is known that a physician assistant's participating physician will be unavailable and is expected to be unavailable for 30 days or more in any circumstances other than as described in Section 31.5, the physician assistant must submit a new practice agreement with a participating physician and may not practice after the participating physician becomes unavailable until the new practice agreement has been submitted to the Board.
- 31.7** Practice Agreements When a Physician Assistant Has Multiple Practice Sites. While separate practice agreements are not required for each practice setting of a PA who has multiple practice settings, in some cases it may not be possible for a single practice agreement to cover each of a PA's practice settings, such as when a PA works for two different employers, or when a participating physician within

one employing organization is not willing to act as the participating physician for an additional practice site with the same employer. Although a single practice agreement may apply to more than one practice setting, in instances where a practice agreement does not work for one or more of a PA's additional practice sites there must be a practice agreement in place that applies to each practice setting.

32.0 Physician Assistant Professional Standards; Disciplinary Procedures

32.1 Prescribing Controlled Substances for Participating Physician

It is unprofessional conduct for a physician assistant to prescribe or dispense controlled substances listed in D.E.A. Schedules II, III, or IV for a physician who is the PA's participating physician.

32.2 Prescribing for or Treating Participating Physician

It is discouraged for a PA to prescribe or dispense non-controlled prescription substances for the PA's participating physician. PAs who treat their participating physician are required to meet all standards of appropriate care, including proper establishment of a professional relationship with the patient and maintenance of appropriate patient records.

32.3 Practice Without a Practice Agreement in Place

It is unprofessional conduct for a physician assistant to practice without having a valid practice agreement that applies to the practice setting and the care provided, unless one of the two exceptions stated in 26 V.S.A. § 1734c(b) and 26 V.S.A. § 1735a(e) applies. The practice agreement must be on file with the Board. Licensees should verify that practice agreements were received by the Board by checking the Board's online system.

32.4 Continuing Education

32.4.1 As evidence of continued competence in the knowledge and skills of a physician assistant, all physician assistants shall complete a continuing medical education program of 100 approved credit hours every two years. A minimum of 50 credit hours shall be from Category 1. Proof of completion shall be submitted to the Board with the application for renewal of certification.

32.4.2 Certification or recertification by the NCCPA at any time during a 2-year licensure period may be accepted in lieu of 100 hours continuing medical education credits for that 2-year period. PAs must also comply with any applicable continuing medical education requirements established by Vermont law or Board Rule.

32.4.3 Required CME for PAs With D.E.A. Number

All licensees who prescribe controlled substances shall certify at the time of each renewal that they have completed at least two hours of CME

activity on controlled substances prescribing. The activity must be accredited as AMA PRA Category 1 Credit™ training, American Academy of Physician Assistants Category 1 training, or be specifically designated as qualifying by the Board. The following topics must be covered, as required by Vermont law: abuse and diversion, safe use, and appropriate storage and disposal of controlled substances; the appropriate use of the Vermont Prescription Monitoring System; risk assessment for abuse or addiction; pharmacological and nonpharmacological alternatives to opioids for managing pain; medication tapering and cessation of the use of controlled substances; and relevant State and federal laws and regulations concerning the prescription of opioid controlled substances. Each licensee who is registered with the D.E.A. and who holds a D.E.A. number to prescribe controlled substances, or who has submitted a pending application for one, is presumed to prescribe controlled substances and must meet this requirement. Any physician assistant who is required to certify completion of this CME to renew, but who cannot, will be subject to the provisions regarding makeup of missing CME in subsections 24.3 and 24.4.

32.5 Grounds for Disciplinary Action

Telehealth licensees are limited to providing services to a total of only 20 unique patients during each licensing period. Once a podiatrist has treated 20 unique patients during a licensing period, the termination of the podiatrist-patient privilege with a patient during the licensing period does not allow the podiatrist to add another patient during the same licensing period.
- 38.2** The requirements to qualify for a telehealth license include all the requirements for full, unrestricted podiatrist licensure stated in Sections 34.0, 35.0, and 36.0. Once a podiatrist has treated 10 unique patients during the registration period, the termination of the podiatrist-patient privilege with a patient during the 120-day period that the registration is valid does not allow the podiatrist to add another patient during the same period. Each licensee who is registered with the D.E.A. and who holds a D.E.A. number to prescribe controlled substances, or who has submitted a pending application for one, is presumed to prescribe controlled substances and must meet this requirement. Any podiatrist who is required to certify completion of this CME to renew, but who cannot, will be subject to the provisions regarding makeup of missing CME in Sections 24.3 and 24.4.

40.2 Grounds for Disciplinary Action

- 40.3.2.5 Such other action relating to discipline or practice as the Board determines appropriate.

40.3.3 The Board may approve a negotiated agreement between the parties. The conditions or restrictions that may be included, without limitation, in such an agreement are set forth in 26 V.S.A. § 376(d).

40.4 Right to Appeal

A party aggrieved by a final decision of the Board may, within 30 days of the decision appeal to the Vermont Supreme Court, by filing a notice of appeal with the Executive Director as provided by 26 V.S.A. § 375(d).

41.1.1 Any party wishing to make a complaint of unprofessional conduct against a professional regulated by the Board may file a written complaint with the Board. Written complaints must include identifying and contact information for the complainant. The Board provides a printed complaint form for this purpose. Use of a form is preferred, but not required. If applicable, a complainant must provide authorization for the release of relevant medical records using the Board's form.

41.1.2 The Board may open an investigation on its own initiative to evaluate instances of possible unprofessional conduct that may come to its attention. 26 V.S.A. § 1355(a); 3 V.S.A. § 129(b).

42.0 Notice

42.1 Notice to Complainant

The Board will send the complainant a standard letter of acknowledgment stating that the complaint has been received by the Board and that it will be investigated.

42.2 Notice to Respondent

42.2.1 The Board will send the Respondent a copy of the complaint, a copy of a release of medical records signed by the patient or other authorized person, a copy of the statutory definition of unprofessional conduct, and a standard letter stating that:

42.2.1.1 This complaint has been lodged against them;

42.2.1.2 The letter is not a notice of a formal hearing; and

42.2.1.3 The respondent must respond in writing. The response should be addressed to the Investigating Committee at the address of the Board and filed with the Board within 20 days of the date of the letter.

42.2.2 The Respondent is responsible for the accuracy of the response and must sign the response, even if also signed by an attorney.

42.2.3 The Executive Director or Investigator may grant one extension of up to 20 additional days, or more for reasonable cause, to provide the response. A request for further delay must be submitted to the assigned investigative committee.

42.2.4 In cases where the Board has initiated an investigation, the Board will send the Respondent a letter providing notice of the investigation and describing the matters for which response is requested.

42.2.5 Unlicensed Practice. No notice need be provided to the target of an investigation into unlicensed practice.

43.0 Investigation

43.1 Investigative Committee

A standing investigative committee or one specially appointed, and an Assistant Attorney General, will investigate each complaint and recommend disposition to the Board. The investigative committee shall be assisted by an investigator from the Board. After the file is received, the investigative committee will discuss the complaint and plan the investigation.

43.2 Cooperation with Investigation; Impeding an Investigation

43.2.1 Professionals are obligated to cooperate with the Board throughout an investigation. A Respondent may contest a subpoena using the appropriate mechanisms, but in the absence of a delay associated with a bona fide objection to subpoena a failure to respond to a subpoena within a reasonable time constitutes a violation of this rule.

43.2.2 Professionals are prohibited from engaging in any action that may deter a witness from cooperating with a Board investigation and from retaliating against any person based upon the filing of a complaint or cooperation in any way with a Board investigation. Professionals are prohibited from concealing, altering or destroying any evidence that is or may be pertinent to a Board investigation.

43.3 Confidentiality of investigations is governed by 26 V.S.A. § 1318.

44.0 Suspension Prior to Completion of an Investigation

44.1 Summary Suspension: the investigative committee may find that certain alleged misconduct poses so grave a threat to the public health, safety, or welfare that emergency action must be taken. In such a case, the committee will request a special meeting of the hearing panel, and recommend that the Board order summary suspension of the Respondent's license or certification, pending a hearing under the authority of 3 V.S.A. § 814(c). If the Board orders summary suspension, a hearing will be scheduled as soon as practical, and the Assistant Attorney General will present the case against the suspended professional.

44.2 Interim Suspension: grounds for entry of such an order are as follow:

44.2.1 **Criminal Convictions:** the investigative committee shall consider any criminal conviction for which a licensee may be disciplined under 26 V.S.A. § 1354(3) as an unprofessional conduct complaint and may request that the Board immediately suspend the Respondent's license or certification under the authority of 26 V.S.A. § 1365. Upon receipt of the certified copy of the judgment of conviction, the Board may order an interim suspension pending a disciplinary hearing before the Board.

44.2.1.1 The disciplinary hearing shall not be held until the judgment of conviction has become final, unless Respondent requests that the disciplinary hearing be held without delay. The sole issue to be determined at the hearing shall be the nature of the disciplinary action to be taken by the Board.

44.2.1.2 The Respondent, within 90 days of the effective date of the order of interim suspension, may request a hearing concerning the interim suspension at which Respondent shall have the burden of demonstrating why the interim suspension should not remain in effect. The interim suspension shall automatically terminate if Respondent demonstrates that the judgment of conviction has been reversed or otherwise vacated.

44.2.2 **Out-of-State Discipline:** the committee shall consider certain out-of-state disciplinary action as set forth in 26 V.S.A. § 1366 as an unprofessional conduct complaint and may request that the Board immediately suspend the Respondent's license or certification under authority of that statute.

- 44.2.2.1 Upon receipt of the certified copy of the order or statement regarding the relevant out-of-state disciplinary action, the Board may order an interim suspension pending a disciplinary hearing before the Board.
- 44.2.2.2 The Respondent, within 90 days of the effective date of the order of interim suspension, may request a hearing concerning the interim suspension at which Respondent shall have the burden of demonstrating why the interim suspension should not remain in effect. The interim suspension shall automatically terminate if Respondent demonstrates that the out-of-state disciplinary action has been reversed or vacated.

45.0 Disposition by the Investigative Committee

45.1 Once the investigative committee determines that the investigation is complete, it shall pursue one of three possible dispositions:

- 45.1.1 **Concluding the Investigation:** If, after investigating the complaint, the committee and the assistant attorney general determine that the facts established by the investigation do not present cause for pursuing charges of unprofessional conduct, then the committee may recommend that the Board conclude the investigation. If approved by the Board, the case is closed without further action. A concluded investigation may be reopened if new evidence is received, a new and related complaint is made, or upon request for reconsideration.
- 45.1.2 **Settlement:** If, after investigating the complaint, the committee and the Office of the Attorney General determine that the facts established by the investigation present cause for pursuing charges of unprofessional conduct, the committee shall explore the possibility of stipulated settlements and consent orders, as established in a Stipulation.
 - 45.1.2.1 Recommended Stipulations should include a concession of wrongdoing by the Respondent, terms and conditions, an understanding that this concession may be relied on by the Board in case the licensee is later found to have engaged in unprofessional conduct, and an understanding that this final disposition of the complaint is public and that the Board shall notify the Federation of State Medical Boards Board Action Data Bank, and the National Practitioner Data Bank, and may notify other states of its contents.
 - 45.1.2.2 When a Stipulation is filed with the Board, the complainant shall be provided with a copy of the stipulation and notice of any stipulation review scheduled before the Board. The complainant shall have the right to be heard at any stipulation review.

45.1.2.3 The Stipulation is finalized only upon acceptance by the full Board. If the investigative committee recommends a disposition in the form of a Stipulation, the Board may vote to ask the committee to change the terms of the Stipulation. If a Stipulation is not accepted by the Board within a reasonable time, the investigative committee may pursue specification of charges.

45.1.3 **Specification of Charges:** If after investigation the investigative committee and the Assistant Attorney General determine that the facts established provide a basis to allege unprofessional conduct as defined by 26 V.S.A. § 1354 and the committee believes a settlement cannot be reached or is not warranted on the facts, a Specification of Charges shall be signed by the Executive Director.

46.0 Disciplinary Proceedings

46.1 The Executive Director may designate a hearing panel composed of at least one physician member of the Board and at least one public member. Members may be appointed as provided by 26 V.S.A. § 1372. The role of the hearing panel is to hear evidence, make findings of fact, and make recommendations to the Board for a decision on the charges.

46.2 Specification of Charges; Notice; Failure to Appear; Default.

46.2.1 The Board commences disciplinary proceedings by serving a Specification of Charges and a notice of hearing upon the Respondent. The hearing is scheduled no sooner than 30 days after service. Notice shall tell the Respondent that a response may be filed within 20 days of service.

46.2.2 Notice shall be sent to the Respondent or other person or entity entitled to notice by certified mail, return receipt requested, with restricted delivery to addressee only. If service cannot be accomplished by certified mail, the Board will make reasonable attempt to accomplish service by regular mail or by personal service within the state, if feasible. A continuance may be granted upon request for good cause as determined by the Board, hearing committee, or a presiding officer. Copies of the notice shall be sent to the complainant, the Assistant Attorney General, and the Respondent's attorney.

46.2.3 If the Respondent, after proper notice, does not respond to the Specification of Charges or appear at a hearing the Board may take disciplinary action after receiving the report of a hearing panel or after hearing the evidence if a hearing panel is not used. If a Respondent who did not participate in a panel hearing attends the hearing before the Board, they may present arguments to the Board, but may not present additional evidence unless the Board grants the Respondent leave to submit additional evidence. In such circumstances, the right of the Respondent to

submit evidence is subject to any limitations set by the Board or hearing officer regarding the scope of evidence that may be presented.

46.2.4 A Respondent who has defaulted may submit a written motion within 10 days of the default to request a new hearing. The Board may grant a new hearing only upon a showing of good cause for not appearing at the hearing and for not requesting a continuation of the hearing. The Board shall issue a written decision making a determination on whether to grant a new hearing.

46.3 Discovery

After a specification of charges has been filed, the Board, or a hearing officer on its behalf, shall have authority to conduct a prehearing conference or discovery conference and to issue orders regulating discovery and depositions, scheduling, motions by the parties, and such other matters as may be necessary to ensure orderly preparation for hearing.

46.4 Hearing

Hearings before a hearing panel and before the Board will be conducted according to the hearing provisions of 26 V.S.A. ch. 23 and the contested case provisions of the Administrative Procedure Act, 3 V.S.A. § 809-815. If a hearing panel is used, the parties will be allowed to present evidence to the Board only if the Board allows it. A Board hearing officer may act as presiding officer at hearings and pre- and post-hearing conferences for the purpose of making procedural and evidentiary rulings. A presiding officer may administer oaths and affirmations, rule on offers of proof and receive relevant evidence, regulate the course of the hearing, convene and conduct prehearing conferences, dispose of procedural requests and similar matters, and take any other action authorized by the Administrative Procedure Act.

46.5 Decision, Order, and Entry; Notice of Decision; Transcripts

The hearing officer will prepare the written decision and order in accordance with the Board's instructions, within a reasonable time of the closing of the record in the case. The decision and order will be entered upon being signed by the chair or vice-chair of the Board. A decision and order is effective upon entry. Notice of the decision and order will be sent to the Respondent by certified mail. Notice of the decision and order will be sent to the Respondent's attorney, the complainant, and the prosecuting attorney by regular mail or email. A transcript of the proceeding is available at cost.

47.0 Compliance Investigation, License or Certification Reinstatement or Removal of Conditions After Disciplinary Action

47.1 Assignment of Compliance Investigation

Upon entry of an order taking disciplinary action against a Respondent, a compliance investigation file will be opened. The file will be assigned to the investigative committee that was responsible for the initial investigation of unprofessional conduct. If the matter was investigated by a committee of ad hoc members, the file will be assigned to one of the standing investigative committees. The committee shall make recommendations for action to the full Board regarding compliance, requests for reinstatement, or modification or removal of conditions established by the order.

47.2 License or Certification Reinstatement or Removal of Conditions

A person licensed or certified by the Board who has been disciplined may petition at a later date for license or certification reinstatement or modification or removal of conditions from the license or certification. In addition to complying with any restrictions or conditions on reinstatement imposed by the Board in its disciplinary order, an applicant applying for reinstatement may be asked to complete a reinstatement application. An investigative committee will review such information and make a recommendation to the full Board. The Board may hold a hearing to determine whether reinstatement should be granted.

47.3 Appeals

A party aggrieved by a final decision of the Board may, within 30 days of the decision, appeal that decision to the Vermont Supreme Court.

50.1.1 The NCCAA certification examination has not been offered since the applicant became eligible to take it; or

50.1.2 The applicant has taken the NCCAA certification examination one time but has not yet received the results of the examination.

- 50.2** The holder of a temporary certification shall take and successfully pass the next available NCCAA examination. If the holder of a temporary certification does not take the examination, that temporary certification shall expire on the date of that examination. However, if the holder of a temporary certification can show that there was exceptional cause that prevented the individual from taking the examination, the Board may, in its discretion, and for good cause shown, renew the temporary certification until the date of the next available NCCAA examination.

- 50.3** If the holder of a temporary certification takes the next available NCCAA examination but does not successfully pass it, the temporary certification shall expire on the day after receiving notice of the failure to pass the examination. In that case, the Board shall not renew the temporary certification. The applicant may re-apply for certification only after having taken and passed the examination.

53.1 In any application for initial certification, temporary certification, renewal of certification or change of certification, if there is more than one anesthesiologist at an accredited facility who will supervise an anesthesiologist assistant, then, in addition to the information required to be submitted by this rule, a document signed by all anesthesiologists who will be supervising the anesthesiologist assistant shall be filed with the Board with the application.

53.2 Additional supervising anesthesiologists may be added subsequent to the application, provided the supervising anesthesiologist files a signed document with the Board. In the document, the anesthesiologists shall affirm that each assumes responsibility for all professional activities of the anesthesiologist assistant while the anesthesiologist is supervising the anesthesiologist assistant.

54.0 Termination of Certification

If the supervisory relationship between the anesthesiologist and the anesthesiologist assistant is terminated for any reason, each party must notify the Board directly and immediately in writing. 55.0 Practice

55.1 An anesthesiologist assistant shall perform only those tasks assigned on a case-by-case basis by the supervising anesthesiologist. 56.0 Supervision

- 56.1** A supervising anesthesiologist shall supervise an anesthesiologist assistant within the terms, conditions, and limitations set forth in a written practice protocol. Anesthesiologist supervision requires, at all times, a direct, continuing and close supervisory relationship between an anesthesiologist assistant and the supervising anesthesiologist.

 - 57.2.2 Pretest and calibrate anesthesia delivery systems;
 - 57.2.3 Monitor, obtain and interpret information from the anesthesia delivery systems and anesthesia monitoring equipment;
 - 57.2.4 Place medically accepted monitoring equipment;
 - 57.2.5 Establish basic and advanced airway interventions, including intubations of the trachea and ventilatory support;
 - 57.2.6 Administer vasoactive drugs and start and adjust vasoactive infusions;

60.0 Patient Notification and Consent

60.1 Any physician, clinic, or hospital that uses the services of an anesthesiologist assistant must:

60.1.1 Post a clear notice to that effect in a conspicuous place;

60.1.2 Except in case of an emergency, provide the patient a consent form that includes that the anesthesiologist may use an anesthesiologist assistant; and

60.1.3 Require each anesthesiologist assistant to wear a name tag clearly indicating the title anesthesiologist assistant, per 26 V.S.A. § 1652.

61.0 Disciplinary Action

61.1 All complaints and allegations of unprofessional conduct shall be processed in accordance with Section IV of this rule.

61.2 After notice and an opportunity for hearing, the Board may take disciplinary action against any applicant, anesthesiologist assistant trainee, or anesthesiologist assistant found guilty of unprofessional conduct, as provided by 3 V.S.A. §§ 129 and 809, and 26 V.S.A. § 1658, including but not limited to:

- 67.2** Documents already on file with the Board may be referred to and need not be resubmitted.

68.0 More Than One Supervising Radiologist

- 68.1** Each application for initial certification, temporary certification, renewal of certification or change of certification shall identify the primary supervising radiologist who shall be responsible for the radiologist assistant's professional activities and sign the protocol required under 26 V.S.A. § 2853.

69.0 Termination of Supervision

If the supervisory relationship between the primary supervising radiologist and the radiologist assistant is terminated for any reason, both parties must notify the Board directly and immediately in writing, using the Board's Termination of Contract form. 82.0 Scope

- 82.1** Upon order of the Board of Medical Practice, or a Hearing Officer acting on the Hearing Officer's own behalf, a hearing may be held by telephone, video, or other electronic means ("Remote Hearings"). If a party objects to having all or part of a hearing conducted as a Remote Hearing the party must submit a written motion within 14 days, or sooner if specified in the order scheduling the remote hearing. In ruling on the objection, the Board or Hearing Officer shall consider the factors set forth in Vermont Rule of Civil Procedure 43.1. This section sets forth procedures for conducting Remote Hearings.
- 82.2** All other Sections of the Board of Medical Practice ("Sections") not modified herein continue to apply. In the case where a standard set forth for Remote Hearings conflicts with a standard set forth in other sections, the standards in this

section shall govern.
