

# Welcome to VtBMPOnline!!

As you saw from our email messages, we are upgrading to a new IT system.

The outgoing system, **eLicense** is unavailable as of Monday March 9.

Our new system is called Vermont Board of Medical Practice Online, or **VtBMPOnline** for short.

**VtBMPOnline** will give users enhanced capabilities to manage your account, request information, and submit documents.

We are anticipating a Go-Live date the week of **March 23**.

Stay tuned for more information. We appreciate your patience and understanding as we make this important upgrade.
