### PROTOCOL REQUIREMENTS FOR ANESTHESIOLOGIST ASSISTANTS

In order to practice, a certified Anesthesiologist Assistant shall have completed a protocol with a Vermont licensed Anesthesiologist signed by both the anesthesiologist assistant and the supervising anesthesiologist. The original shall be filed with the Board and copies shall be kept on file at each of the anesthesiologist assistant's practice sites. All applicants and certificatees shall demonstrate that the requirements for certification are met.

The Protocol document shall be signed by the primary supervising anesthesiologist and the AA, and shall cover at least the following:

- Narrative: A description of the practice setting, patient population common to the practice and, a general overview of the role of the anesthesiologist assistant in that practice.
- A detailed description of the manner in which on-site and off-site Anesthesiologist supervision and communication will occur;
- A detailed description of the manner in which secondary supervising anesthesiologists will be utilized, and the means by which communication with them will be managed
- A detailed description of the manner in which emergency conditions will be handled in the absence of an on-site anesthesiologist, including
  - Plans for immediate care,
  - Means of accessing emergency transport;
  - A detailed description of the physician's supervision plan for the AA's practice; and
  - A detailed description of the physician's plan for retrospective review of AA charts which must at least include the following:
    - The frequency with which these reviews will be conducted;
    - The minimum number or percentage of charts that will be reviewed;
    - The method by which charts will be selected for review; and
    - The methods by which the review will be documented;
- Sites of Practice: Name, physical address and type of facility for each practice site.
- Duties: A list of the tasks and duties delegated to the AA, which shall include only activities within the supervising anesthesiologists' scope of practice. The supervising anesthesiologist may only delegate those tasks for which the anesthesiologist assistant is qualified by education, training, and experience to perform.
- Authorization To Prescribe. An AA may prescribe only those drugs that are within the scope of practice
  of both the AA and the primary supervising anesthesiologist as documented in the protocol. If
  authorized to prescribe prescription drugs and/or devices, the protocol must address all of the
  following (if applicable): 27.3.5.1 Whether the AA is authorized to prescribe controlled substances;
  - The AA's DEA number; and
  - The specific schedules authorized
