ENTRY ORDER

Petitioner, Mark E. Logan, M.D., entered into a Stipulation and Consent Order that was approved by the Board and became effective on May 1, 2019. Among the conditions imposed by the Order was a requirement that Dr. Logan work with the Board's Licensing Committee to develop a formal reentry plan to be memorialized in a non-disciplinary Stipulation and Consent Order. Dr. Logan petitioned to be relieved of that condition.

Dr. Logan developed a reentry plan with the Licensing Committee that was memorialized in a non-disciplinary Stipulation and Consent Order in docket number MPN 35-0323. The North Investigative Committee approved Dr. Logan's petition to be relieved of the condition requiring his participation in the reentry plan as announced in a February 7, 2024 Order issued in docket number MPN 35-0323. Pursuant to that order, it is hereby noted that Dr. Logan has satisfied the requirement to enter and participate in a reentry program as provided by condition 2(d) in the May 1, 2019 Order issued in this case, MPN 182-1215; conditions 1, 3, 4, 5, and 6 (as amended) set forth in that order remain in effect.
