

# Opioid Coordination Council Residential Services

# Vermont's Substance Use Services

Recovery Services are Available to Those at All Service Levels

# Process for accessing treatment services in Vermont

- In SFY2017, 11,745 Vermonters received treatment services in the ADAP Preferred Provider substance use disorder treatment system:
  - Outpatient
  - Intensive Outpatient
  - Residential
  - Opioid Hubs and Spokes

# Vermont Residential Treatment Facilities

- Recovery House, Wallingford – 34 beds, adult men and women
- Valley Vista, Bradford - 78 beds, adult men and women
- Valley Vista, Vergennes - 19 beds, adult women
- Valley Vista, Bradford - 13 adolescent beds converted to 16 – 22 year old young adults
- Phoenix House, Dublin NH – Referrals as needed

# Residential Utilization CY 2017

- Adult Beds – Average monthly occupancy 73%
- Adolescent Beds – Average monthly occupancy 59%

# Funding Residential Programs

- ❑ Several funding sources, both state and federal
- ❑ Daily rates were set several years ago
- ❑ Current reimbursement requires concurrent review and authorization by DVHA
- ❑ Exploring value-based payment option

# 1115 SUD Waiver

- June 2017 – VT amended its 1115 waiver to include authority to pay for specific IMDs primary for the TX of SUD.
- Requires statewide average of 30 day stays or less.
- Removes the mandatory sunset of VT's former financial arrangement.
- Absent this amendment, VT would be required to begin phasing down federal funds for SUD treatment IMDs in 2021 and phase out completely at the end of 2025.
- Amendment does nothing to address MH IMD phase down requirements.

# Out of State Referrals

- Out of state referrals are done on a case-by-case basis
- Request is made to the ADAP Director of Clinical Services
- Clinical necessity is determined
- Coordination with Vermont Medicaid to determine appropriateness of provider and ability to bill

# Treatment Standards

- Available Services
- Staffing
- Types of Therapy
- Documentation
- Medical Services

# Discharge Planning

- Person served must participate in the development of their aftercare plans. The Plan:
  - ▣ Ensures seamless transition
  - ▣ Identifies the need for a recovery support system
  - ▣ Includes referral information with appointment dates, times, contact name, number & location
  - ▣ Includes recommendations for self-help and local peer recovery support services

# Transitions of Care

- Ensure successful transition between clinically appropriate levels of care
- Must provide receiving provider the most recent assessment
- Upon discharge must document coordination of care with the PCP and/or prescribing professional for medications

# 2019

- Additional Beds
  - ▣ 10 additional residential beds in Rutland for less intensive longer lengths of stay
- Centralized call center
  - ▣ Facilitate admissions
  - ▣ Assist with transitions of care
  - ▣ Connect to recovery supports
  - ▣ Assist with transportation
