➢ Treatment will not be considered complete until it has been approved by the counselor and, if required, the designated IDRP Evaluator. Progress may be measured through use of urine drug screens and/or other methods as requested by the IDRP Evaluator and/or counselor.
➢ If an exit interview is required, the participant must schedule it with the IDRP Evaluator. The Treatment Information Form must be received within 60 days of the final treatment session. If an exit interview is not required, the counselor must fax a completed IDRP Treatment Information Form to the IDRP Central Office. The IDRP Central Office fax number is: 1-866-272-7989. All forms can be found on the IDRP website at: healthvermont.gov/idrp.

➢ The IDRP must be completed within five (5) years or you will be required to start over and pay the required fees again.
➢ A participant may appeal the decision of the IDRP Evaluator or counselor in writing to the IDRP Director (Vermont Department of Health, P.O. Box 70, Burlington, VT 05401) or seek review of the decision in Superior Court pursuant to Rule 75 of the Vermont Rules of Civil Procedure.

1 Inpatient or residential treatment can be applied towards the IDRP treatment requirements. Participants must be successfully discharged (the client did not leave against medical advice or was administratively discharged) from the inpatient or residential facility with an aftercare plan. In these instances, the IDRP must receive the discharge summary and aftercare plan from the inpatient or residential treatment providers as well as the Treatment Information Form completed by the counselor providing treatment after inpatient or residential.
