

Purpose

Previous guidance issued under the Governor's Executive Order 01-20 concerning the Covid-19 pandemic, and provided to health care providers licensed under Title 26 of the Vermont Statutes Annotated, are hereby rescinded.

Patient Precautions

Licensed professionals are expected to follow current guidance from the Centers for Disease Control and Prevention, as amended, the standard of care, as well as all relevant laws and regulations relevant to the licensees' practice.

The Office of the Governor, Office of Professional Regulation, Board of Medical Practice, Commissioner of Health, and all licensing boards retain their authority to take further action in response to any risk to the public health that may arise from future outbreaks of the disease.
