

Due to the State's COVID-19 response and the order for school dismissal in March 2020, lead testing was paused.

School lead testing has now resumed. Schools that have not yet tested now have an updated sample collection window assigned for the fall of 2021.

Schools must notify parents, guardians and staff at least five days before collecting water samples ([read the requirements and find sample letter templates](#)). The Vermont Department of Health Laboratory will reach out to the shipping contact to discuss courier pickup options. Results will be posted on the [Results Website](#) one week after the school receives the results.

[Independent Schools and Career Technical Centers](#) are listed in separate table at the end of this document.

Public Schools are grouped by Supervisory Union/School Districts, listed alphabetically.

Supervisory Union or School District	Public School Name	Town	Sample Collection Window
Addison Central SD	Middlebury ID#4	Middlebury	10/22/2019 - 10/28/2019
