

## VIMS: VIEW HISTORY

### TRACKING SHIPMENTS

Shipment tracking and carrier information is added to an Order Request the morning after it is shipped by the distributor. To locate this information in VIMS:

- 1) Select the “**View History**” link in the menu.
- 2) Look for Request Type: *Order* and locate the order that you want to track.
- 3) Refer to the Request Status column:

*Incomplete, Submitted, IZ Hold, Approved, Pending Extract or Pending Shipment* = shipment information is unavailable

*Partial Shipment or Full Shipment* = shipment information available

- 4) If shipment information is available for your order, click on the “**View**” link. Shipment information is displayed in a separate table organized by order line. It includes the lot number, expiration date, carrier and tracking information.

Request Type	Type	Request Status	Created Date	Submitted Date	ExIS Id	View
Order	All vaccines	Full Shipment	3/14/2025	3/14/2025	ORD89531	<a href="#">View</a>
Reconciliation	All vaccines	Completed	3/14/2025	3/14/2025		<a href="#">View</a>

Note that your vaccine order may be separated into multiple shipments. Frozen vaccine (MMRV and Varicella) is shipped directly from Merck via UPS while all other routine vaccine is shipped from McKesson via FedEx. Pfizer COVID vaccine is shipped directly from Pfizer via UPS.
