

The **Vaccine Administration Record** report in the Vermont Immunization Registry can be a helpful tool to print a patient's entire vaccination record. We have now added a function to choose only the patient's COVID-19 vaccination information.

To find the report in the registry: Log in with your password and search for and select any patient record. Now select Immunization Registry in the blue navigation bar at the left-hand side of the screen. The screenshot below shows the immunization screen, and the red arrow points to the **Vaccine Administration Record** report.

Actions:

- Search Patient
- Current Patient
- Search Practice
- VAERS
- Immunization Information for Providers
